# WEST VALLEY PARK OFFICIALLY OPENED

The weatherman kept his record intact for outdoor activities in Drayton Valley during the past summer and provided the local Lions Club with a beautiful day for the opening of the West Valley Park last Saturday, September 9th.

Large crowds were on hand during the day under sunny skies, and although clouds threatened during the late afternoon, the rain held off with only a few drops falling during the fireworks that ended the events of a fun-filled day.

Highlight of the day was the ceremony dealing with the official opening of the park which the Lions have been steadily improving over the past several years. Recently completed was the fencing of the new half-mile race track.

With the addition of the race track, the park now offers facilities for a number of outdoor sports, including baseball and football, gymkhana grounds, children's recreation and fine picnic facilities.

Another recent addition, and the centre of attention Saturday evening, is a concrete monument in the form of a Centennial Symbol and bearing a commemoration plaque that reads: "Built by Drayton Valley Lions Club in co-operation with the Town of Drayton Valley. Dedication the 9th day of September, 1967 to commemorate Canada's Centennial and the Golden Anniversary of Lions International."

The honor of unveiling the placque went to Dunc Larbalastier, District Governor of Lions District 37B and a member of the Jasper Place club.

# Festival Canada Production Here Monday, Sept.25

Residents of this area of western Alberta are offered an opportunity to enjoy a tremendous evening of entertainment when "100 years of Musical Comedy" is presented in the Centennial Civic Centre on Monday, September 25th

The show is one of the Festival Canada on Tour organized by the Centennial Commission in co-operation with the provinces and committees across Canada. The B.C. government paid them $100,000 to tour the province and they were well received wherever they appeared.

Included in the cast are the following well-known entertainers:

Karl Norman: A tenor of outstanding ability, he has performed in almost 100 Canadian communities, as well as in London and Paris. His operatic repertoire includes roles in "Carmen", "La Traviata", "Die Fladermaus," "The Marriage of Figaro", Cosi Fan Tuti", "The Bartered Bride", "Countess Maritza", "Maid of the Mountains" and many others.

Pearl "Kerr" Mossfield: Has been an outstanding piano teacher and accompanist in Vancouver. She studied with Isabel Campbell and Arthur Benjamin. As official accompanist for the CBC, she has played for most of the top Vancouver artists and leading ensemble groups--both instrumental and vocal.

Harry Mossfield: A singer with a tremendous range of repertoire and experience. Following two successful years of concerts, recitals, radio and symphony engagements in

## Don Sanderlin Representing Canada At Little Olympics

Don Sanderlin of Edmonton, son of Mr. and Mrs. Ed Sanderlin of Drayton Valley, left on September 8th to represent Canada in the Little World's Olympics at Balogna, Italy this week.

Mr. Sanderlin, who flew to Italy for the three day meeting, made a fine showing durng the Pan-American Games in Winnipeg in July. In the Pan-Am Games he placed 4th among the top shooters in the Western Hemisphere.

He has been a consistent winner in Western Canada events and on the Labor Day Weekend he stole the show at the Provincial and Western Canada skeet shooting championships at the Edmonton Gun Club.

He won the provincial open and closed championships with 381 of 400 targets and won the Western Canada title with 479 of 500 targets. He also took the international style event hitting on 95 of 100 attempts.

We join with residents of the community in wishing Mr. Sanderlin the best of luck as Canada's representative at the Italy games.

# West Valley Park Officially Opened

Cont. from Page 1'

A former resident of Drayton Valley, Mr. Larbalastier was a member of the local club when work on the park first got underway four years ago.

Among those who spoke briefly at the opening ceremony were Dr. R. Findlay, representing the Town of Drayton Valley; Mike Gormley, Recreation Director; Clayton Rosenberger, Centennial Committee; and Fred Kaarsemaker, Lions Club President. M.C. for the program was Lion Gordon Hay and special guests were Voyageur canoeist Dave Ellery and Mrs. Ellery. Also among the official party were Mrs. Joan Findlay, Mrs. Margaret Rosenberger, Mrs. Alice Kaarsemaker, Mrs. Nancy Larbalastier and Mrs. Arlene Hay.

Another feature of the Centennial monument is a "time capsule" cemented into the back of the commemorative placque. The capsule contains information on Drayton Valley in the year 1967 that should prove interesting to residents of the community at some undetermined time in the future. The story of Drayton Valley today is recorded for history in photographs, newspapers, brochures, mementos and similar material.

The program that started at 1:00 p.m. was free to all and included baseball, softball, football, horseshoes, childrens races and a gymkhana. Something new for Drayton Valley and putting the new track to good use were horse races, chuckwagon races and chariot races.

Contestants from widely scattered Alberta points took part in the chuckwagon and chariot racing.

About 500 people were fed at the barbeque that took place early Saturday evening and all appeared to enjoy the heaping portions of delicious barbequed beef. The meat was cooked overnight in a pit and was uncovered as the first diners began to line up for supper about 6 p.m.

Following the official opening ceremony a display of fireworks was held to wind-up the day.

## Art Classes Start Soon

The Drayton Valley Community Art classes will resume on October 26th. There will be six lessons in all on a basis of once a month instruction.

Due to a change in policy of the Department of Extension, Assistance will be given to beginners between classes.

All interested persons are welcome to join. For further information call 542-3083 or 542-3952.

Vancouver. Mr. Mossfield moved to Toronto to become a leading baritone with the Canadian Opera Company, CBC Radio and TV opera companies and the Stratford Festival.

Betty Phillips: One of Canada's most popular artists, she has many distinctive triumphs to her credit. The most popular star of "Theatre Under the Stars" in Vancouver, she had star roles in numerous productions, including "Brigadoon", "Finian's Rainbow", and "The King and I", in the latter she was compared to Gertrude Lawrence.

Shirley Milliner: First appeared professionally in "The Best of Spring Thaw" at the 1963 Vancouver Festival. She subsequently toured the country with two "Spring Thaw" companies and in 1964 and 1965, appeared at the Charlottetown Festival. She travelled back to Vancouver in 1966, with the "Wayne and Shuster Show". Since then, she has appeared in numerous productions.

Ross Laidley: Has established himself over the past ten years as a versatile singer-actor-entertainer, with many different roles to his credit. Recently, he completed over 400 performances as master of ceremonies and singing star of "The Best of Barkerville". He has appeared in many Vancouver Festival Productions, among them "The Best of Spring Thaw", and "Midsummer Night's Dream".

The show, directed by Aida Broadbent, outstanding director of Vancouver's former "Theatre Under the Stars" will include numbers from Cabaret, Oftenbach's Grand Duchess of Gerolstein, Pinafore, Gipsy Baron, Mikado, Flora Dora, Land of Smiles, Merry Widow, Red Mill, Showboat, Vagabond King, Good News, Strike Up The Band, Of Thee I Sing, Jumbo, Oklahoma, Annie Get Your Gun, High Button Shoes, South Pacific, Guys and Dolls, The King and I, Paint Your Wagon, The Boy Friend, My Fair Lady, Fiddler on the Roof The Unsinkable Molly Brown, Hello Dolly and Auntie Mame.

It sounds like an unforgetable evening of entertainment for young and old alike so get your tickets early and remember the date--Monday, September 25 in the Centennial Civic Centre in Drayton Valley.

# A UNIQUE BOOK ON ALBERTA'S NATURAL HISTORY

## BECOMES AVAILABLE SEPT. 14th

Alberta's four major associated gas and electric utility companies are pleased to announce the publication of a book on the natural history of our province, as a tribute to Canada's 100th birthday.

ALBERTA - A NATURAL HISTORY is the centennial project of Natural History and Learned Societies in Alberta, and from the ranks of these societies came most of the 30 distinguished authors and editors who produced the authoritative manuscript. The editor-in-chief was Dr. W. George Hardy of Edmonton.

Here, under one cover is revealed the fascinating story of Alberta's natural environment: astronomy, climate, geology, geography, the flora and fauna of the province, early natural history explorations, the study of natural history and the history of man.

Many of Alberta's outstanding photographers contributed color and black and white photographs to complement the text, and artists and cartographers were commissioned to produce maps and drawings.

The finished volume is 344 pages in length with over 500 illustrations. School children will find it a valuable reference, and all who read it will gain a greater knowledge and understanding of Alberta's natural environment and man's relationship to this environment.

In addition to providing financial assistance towards the production of the book, the utility companies, as patrons of the project, have been pleased to set aside over 2,000 copies for complimentary distribution to schools (grades seven to twelve), libraries and senior citizen homes throughout the province.

The patron companies commend ALBERTA - A NATURAL HISTORY to all Albertans and complement the editors, authors, photographers and artists, whose generous contributions of time and talent have made such a publication possible.

Patronage of "Alberta - A Natural History" has been the centennial project of:
CANADIAN WESTERN NATURAL GAS CO.LTD.

# Canada's First Play

The first play in Canada was a pageant presented in 1606 on the waters of Anapolis Basin at Port Royal in the Bay of Fundy, entitled "Theatre of Neptune". It was written by Marc Lescarbot, a brilliant young Parisian lawyer who proved to be the life of the party at the frame habitation in the new colony of Port Royal. Built by the Sieur de Monts in 1605 from plans drawn by Samuel de Champlain, this was the first permanent white settlement on the continent north of the Gulf of Mexico. The original building was destroyed by an English Colonial force from Virginia in 1613, marking the beginning of the long struggle be between England and France for supremacy in the new world. It has since been reconstructed on the original site. Champlain was a member of the pioneering party, and so was Louis Hebert, both moving later to Quebec. Lescarbot founded an "Order of Good Cheer" which provided fortnightly banquets during the winter. In November of 1606, the play was performed to welcome back Poutrincourt the governor, from a voyage of exploration. Lescarbot later wrote and illustrated an entertaining history of the colony. After a poor start, the colonists were able to survive the winters without scurvy thanks to the fresh fruit and vegetables planted by Hebert.

## Congratulations, Lions!

Our congratulations to the Drayton Valley Lions Club on their tremendous achievement for the benefit of this community and surrounding areas in the West Valley Park opened last weekend.

The park, with its many facilities for sports and outdoor family recreation, is a great asset to our community, and one which places Drayton Valley among the leaders in towns of similar size.

We must also comment on the ingenuity of the Lions in placing the "Time Capsule" in the beautiful monument that commemorates the opening of the park. Imagine the enthusiasm that will surround the opening of the capsule fifty, or a hundred years from now!

Again, congratulations Lions!

## IT'S THE LAW

The following is an excerpt from Bylaw 361 of the Town of Drayton Valley:

No Litter on Streets

208.

(1) No person shall place, abandon, throw or deposit any nails, tacks, glass, crockery, barbed or other wire, scrap metal, glass or crockery bottle paper carton or other paper, or any other container, substance or thing, on any street, lane or public place in the Town whereby such objects may cause danger, damage or inconvenience to pedestrians or vehicles using said streets, lanes or public places, or may cause an unsightly condition.

(2) When a person has been charged and convicted under subsection (1) of throwing or depositing an object made of glass, crockery, plastic or metal in a street, lane or public place of the Town other than in a proper receptacle, a minimum fine is hereby established for such offence of $100 exclusive of costs.

(3) Any person who provides information to the authorities that leads to the conviction of a person for an offence as described in subsections (1) or (2) hereof shall receive a reward consisting of one-half of the amount that the offender is ordered to pay as the fine on conviction for such offence.

(4) No person shall place, abandon, throw or deposit any nails, tacks, glass, crockery, barbed or other wire, scrap metal, glass or crockery bottle or any other container, substance or thing, in any public park, playground, sports ground, arena, or other place of public assembly to which the public may be admitted where such objects may cause danger, damage or inconvenience to those persons using such places or premises, provided such containers, substances or things may lawfully be left at such places or prem premises when in waste receptacles or when placed under the control of those in charge of the said places or premises.

# Report on Student Exchange

By Marlene Hazzard

August 16th was a day which twenty-four high school students won't forget. Our journey which was to take us to Chicoutimi, Quebec, started for the majority at Drayton Valley's Centennial Arena, where a farewell party bid us adieu. From this point we made stops at the Poplars, Magnolia, Duffield, Stony Plain and Spruce Grove to pick up the remainder of the group before continuing to our final departure at Edmonton's new C.N. Station. From here we embarked at 8:30; twenty-four students and two chaperones, all anxious and ready for any new and exciting adventures.

I think everyone found that the first night on the train was very quiet as new acquaintances and renewing of old friendships were being made. However, this was the first and last night of this type. The chaos began the following day when it was found that there were a couple of other groups heading for Expo. So between over-running the train with teenage kids, singsongs and of course the old fashioned pillow-fights everyone found something to do.

The train trip to Montreal took us until 12:30 Friday night where we were met and taken to the Familie et Social Institution, a private school. Here we spent the night.

Saturday morning we all climbed on a bus and were given a tour of Montreal. Here we saw Expo at a distance, the St. Lawrence Seaway, the famous Jacque Cartier bridge. During this tour we were all surprised to find that we were flying to Chicoutimi. This was another experience as many in the group had never been in a plane. As a matter of fact, Mr. Bright was asking for any offers to walk with him, but of course there being none he had to be brave and come with us. At 3:05 we were skimming along the runway. The flight took 55 minutes finding us at Bagotville Airport. Here we were met by Mr. Vachon who was in charge of the exchange. From Bagotville we travelled the ten miles to Chicoutimi by bus where we were warmheartedly met by the hosting families. Once we were introduced to our families and given a program of the coming days events we departed to spend the weekend with our hosts. Another surprise to all of us was that the people we were staying with were French-speaking and if they could speak English, it was little.

Sunday night we attended a banquet at the Parc de la Place d'Armes. Here we were welcomed by Mr. Tremblay, the Mayor from Chicoutimi and signed Chicoutimi's Golden Book. Following this we enjoyed a delicious buffet supper and later danced.

Monday we assembled at the Hotel de Ville, Chicoutimi and left by bus for a visit to the Aluminum Company the largest in Canada. From here we went to Shipsaw, a hydro-electric plant and toured the plant until 5 p.m. when we went to the College de Bon Pasteur to swim, after we were served supper in the school cafeteria.

Tuesday was a free day which we spent with our families. Martin Porter, Mr. and Mrs. Bright and myself were interviewed by Radio Canada and CJPM TV. This ended up to be quite amusing as the interview was all in French.

Wednesday morning we assembled once again at City Hall where we boarded buses and departed for Lac St. Jean which we were informed was a ghost town. Later that afternoon we met Mayor Maire Hamel after which we visited the St. Felicien Zoo. Upon return to Chicoutimi we attended a banquet in North Chicoutimi and later danced.

Thursday morning was free once again. Lunch was another special treat as Mr. Vachon treated us to Kentucky Fried Chicken which everyone enjoyed. After dinner we travelled to the Air Base at Bagotville where we saw a tremendous display of the VooDoo plane and were shown around the base.

Departure for Montreal was to take place at 5:10 but when we arrived we were told that the airlines had forgotten about us so we were treated to supper at the Chicoutimi Hotel. After supper we were taken on a tour of Chicoutimi and then to the airport where we bid farewell to the friends that we had made in the short six days we were there.

We arrived in Montreal around 1:30 that night where we were met and taken once again to the Familie et Social Institution.

Rising early Friday morning so we could get a good start at Expo we headed for the subway which took us into the throngs of people heading for Expo. The day was overcast but the heat was sticky and very intense. Throughout the day we visited seven pavilions, some of which were Japan, Belgium, Canada, and Bell Telephone. At 8:30 our guides took us to La Ronde where we were left on our own. At 12:00 we all met once again to end our visit at Expo. Everyone thoroughly enjoyed the day as it was a wonderful experience. The pavilions we saw were indescribable and each was different. A person can learn so much about a country from the pavilion displaying its minerals, wealth, knowledge and products.

Saturday morning began at 6:00 so we could pack and get to the station ready to leave at 8:00 for Ottawa.

Arriving at Ottawa at 10:00 we were met and taken to the old C.N. Station where we were given a briefing on Ottawa and what we were to see.

We boarded a bus and started a tour of Ottawa which took us to Hull, Quebec a connecting part of Ottawa, we were shown where some of the dignitaries of Ottawa live. We also saw the Prime Minister's residence and drove past the Mint. Later we were taken to the famous Laurier Park. After we were to the National Gallery where we were told how to evaluate a piece of art. We also spent a large part of the day at the Parliament Buildings touring both the inside and the grounds. In the front of the Parliament Buildings is a beautiful monument where an eternal flame burns. Our tour of the beautiful city of Ottawa ended when we were taken back to the train station and caught the train at 7:15 for home.

The three days on the way home were spent recalling the events and experiences that took place during our trip. Everywhere we went people had met us warmly and openheartedly, and I know that each and everyone of us in the group thoroughly enjoyed the themselves.

Farewells were said as each member of the group left.

We would like to thank everyone who had anything to do with the trip especially Mr. and Mrs. J. Bright who became like second parents to us. Also to Mr. Albert and Mr. Jones.

# Voyageurs End Gruelling Three Thousand Mile Race

3,283 miles and 104 days after leaving Rocky Mountain House, Alberta May 24th, the one hundred voyaguers taking part in the Centennial Canoe Pageant and race across Canada arrived at Expo 67 in Montreal September 4th with the three western provinces taking top honors.

Manitoba, which had led the nine other teams almost continuously since the start of the race finished first with a total elapsed time of 531 hours, 6 minutes, 15 and one half seconds, British Columbia finished in a strong second place with 532 hours, 26 minutes and fourteen seconds, and Alberta was third at 535 hours, 19 minutes and thirty seconds.

The other teams in their order of finish were Ontario, New Brunswick, Saskatchewan, Quebec, Northwest Territories, Yukon, and Nova Scotia.

The Manitoba crew picked up $2,500 each for their first place finish, B.C. got $2,000 each for second place, Alberta paddlers each received $1,500 and the remaining seven crews each received $1,000. In addition each paddler received a watch from the Swiss watch industry on their arrival at Expo.

During ceremonies to welcome the paddlers in front of the Canadian Pavilion at Expo Secretary of State, Judy LaMarsh said the voyageurs had learned much about Canada during their crossing but that people of Canada have a also learned a lot about them and the spirit of Centennial year. Centennial Commissioner John Fisher called the pageant one of the most colorful of all Centennial projects. Robert Shaw, the Deputy Commissioner General of the world exposition, said it was a great honor to have the voyageurs end their race at Expo 67.

Following the ceremonies John Nikel of Edmonton, the chief voyageur of the Alberta crew, said his paddlers were happy with the race and felt that the results were very just.

Nikel said he felt the most important thing the pageant and race accomplished during its 104 days was to bring the Centennial to many small communities that otherwise might not have had anything to celebrate Canada's 100th birth birthday.

During the welcoming ceremonies the Alberta crew presented Secretary of State LaMarsh with a Voyageurs' pack which they had carried across the country. It contained a buffalo hide cape, as well as a bonnet, muff, and rug made of beaver pelts. Alberta's Centennial town of St. Paul also presented a letter to Miss LaMarsh which contained an original Hudson's Bay Company seal.

Just prior to the final sprint by the canoes across Regatta Lake at Expo, Mayor Helen Hunley of Rocky Mountain House presented a six ton rock to Expo 67 on which is mounted a bronze plaque containing the names of all the Alberta voyageurs which will be permanently mounted at Expo proclaiming their feat.

Alberta's Provincial Secretary, Ambrose Holowach also presented a paddle autographed by all team members for display in the Canadian Pavilion.

The members of the Alberta crew apart from chief voyageur Nikel are Ken Hardy, Sydney Webb, Francis Tally and Ted Bentley all of Edmonton, Albert Abel, Robert Poluck and George Abel of Calgary, David Ellery, Archie Griffith and David Maclure of Drayton Valley, and Adam Borys of Medicine Hat.

Chariot racers pound around the track neck-and-neck in one of the races held at the opening of the Lions West Valley Park in Drayton Valley on Saturday, September 9th.

# Cattle Industry of Paramount Importance to Farm Economy

OTTAWA--The cattle industry is of paramount importance to the North American continent's agricultural economy, says Ralph Bennett, director of CDA's Livestock Division.

He points out that the 108.5 million head of cattle and calves in the U.S. and 11.7 million in Canada at January 1, 1967, make up between 10 and 11 per cent of the world's total. And, in terms of beef production, fully one-third of the world's beef supply is produced and consumed in the U.S., where farm cash receipts from the sale of cattle and calves is the largest single source of farm income--nearly 25 per cent of the $43 billion received from all farm products. In Canada such sales account for over 20 per cent of total farm cash receipts.

This amazing production of beef in the two countries is due to the fact that ample grain, particularly corn and barley, is available to fatten feeder cattle--unfinished animals coming off grass--to produce what is referred to as "fed beef". In both countries about two-thirds of the beef produced is "fed beef", the remainder being beef from dairy and grass-finished cattle.

Throughout the world, more beef is produced and consumed than any other meat, and beef comprises around 53 per cent of total red meat production. Consumption of beef and veal in 1966 was about 90 pounds per capita in Canada and 110 pounds in the U.S.

Mr. Bennett credits Canadian cattlemen with doing an outstanding job of quality improvement in beef. In 17 years, since 1950, the average weekly marketings of Choice and Good carcasses increased from 4,100 to over 28,000 head. Obviously, cattlemen are producing a desirable type of feeder cattle and the feedlot operators are efficiently using modern techniques and feeding methods to turn them into fed beef. The fact that these top grades are sold at retail on a money-back guarantee speaks for the quality of the product.

There is an almost unlimited potential demand for beef, says Mr. Bennett. The net growth in world population is currently about 180,000 a day, or an increase of about 2½ per cent per year. In Canada and the U.S., with a combined population of about 220 million, the predicted population for 1980 is 273 million. To make provision for even a moderate increase in per capita consumption would require at least 40 per cent more cattle for finishing into "fed beef beef".

When one considers that range lands, which generally speaking, are the main source of feeder cattle of western Canada and the U.S., are already fully stocked, it seems evident that the challenge of the beef industry by 1980 is not going to be how or where to make the product so much as to how to raise enough to meet the demand, and how to do it on a profitable basis.

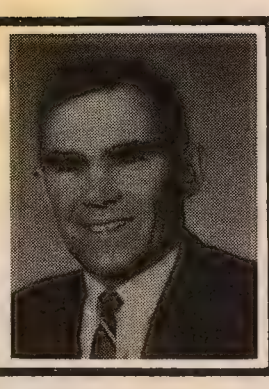
# Recreation Round-Up

By Mike Gormley



A GREAT DAY

It was a great day for the Drayton Valley Lions Club, a great day for our Recreation program and a great day for our community in general. It was Saturday, September 9, 1967 and it marked the official opening of the New West Valley Recreation Park, a Lions project and one of the finest facilities of its kind in the country. There may be bigger and better facilities of this type in our cities and larger communities, but for a facility of this nature serving a community of 4000 people you will travel far and wide before you can find its equal.

The day itself was a gala sportsday with every component facility of this fantastic park being put to use at some time or another. A variety of gymkhana activities were first in line which were followed by Pee Wee baseball, ladies softball, men's softball, high school football, a horseshoe tournament and a splendid variety of horse racing. The Drayton Valley-Evansburg band played at intervals throughout the afternoon and during the evening.

An enormous barbeque was served and the park was officially opened at 7:30 p.m. by the District Governor of Lions International, Dunc Larbalestier. The evening closed out with a magnificent display of fireworks.

The West Valley Recreation Park is a tribute to the dedication, the devotion and the community spirit of a great service club today and during the years to come into the twenty-first century. Here is a widely diversified community recreation facility which will offer unlimited opportunity for leisure time activity to the people of this district for generations to come. Here again, a sincere thanks to the Drayton Valley Lions Club.

DANCING CLASSES

Dancing classes under the direction of Gloria Blair will start at the Centennial Civic Centre on Monday, September 18th at 10:00 a.m. The classes were very successful last year and we can look forward to another favorable year in this respect.

Miss Blair's classes will feature instruction in ballet and tap dancing from the start with a possibility of including jazz ballet and ballroom dancing at a later date if interest in these phases of dancing warrants such instruction. Registrations for jazz ballet will be held at next Monday's regular classes and all interested persons should register at that time.

Regular classes will be held each and every Monday from 10 a.m. till noon and from 1 p.m. till 5:30 p.m. Times for jazz ballet and ballroom dancing instruction will be set at a later date. Any person interested in any phase of this program should contact either Mrs. Marion Neil or Mrs. Nancy Jacobs.

FOOTBALL NOTES

The football program is progressing favorably. At the High School level the Frank Maddock High School Spartans hosted the Camrose High School on Saturday at the West Valley Park. Camrose took this one 38-7, however, it was the first start for the local squad and they gave a good account of themselves. There is a possibility that the Spartans will host the Wetaskiwin Sabres this coming Saturday. This is the first year of official High School football in Drayton Valley and from all indications the sport is off to a whirlwind start.

At the Bantam level the Drayton Valley Packers have

# Oilwives Resume Regular Meetings

Getting back after the holidays, the first monthly meeting of the Drayton Valley Oilwives was held in the Cardium Room, Monday, September 11, 1967. Eighty-four members, including seven new members and sixteen guests attended.

The new executive was presiding for the first time. They are as follows: President, Jean Ward; 1st Vice-president, Kay Meraw; 2nd Vice-president, Betty Wronko; Secretary, Joanne Thompson; Treasurer, Fay Shearer; Reservations, Barb Holan; Membership, Wendy Bryden; Program Chairman, Jeanette Miner; Constitution Chairman, Doris Reid; Publicity Chairman, Carol Gillis; and Historian, Helen Paley.

During the summer months Sherwood Park visited Drayton Valley in a baseball game and Sherwood Park went home with the trophy. Thanks to Elmer Schwad for making the trophy.

Also, during the summer a float from the Oilwives was entered in the Klondike Days parade. Special thanks to Don and Dot Booker, John and Helen Paley and Lil Ross. Also to Bob Simons for the use of his tractor and trailer.

The TB X-ray canvassing was done by some of the oilwives. Thanks to Dot Booker, Stella Bray, Eunice Lyle, Phil Pajak, Fay Shearer, Gwen Simpson, Helen Paley.

The entertainment for this month's meeting was a speaker from "India Craft" in Edmonton. He brought a large selection of jewelery, wall plaques, and ornaments. A poem was also read by Phil Pajak. A very enjoyable evening was had by all.

The next executive meeting will be held October 3rd at Helen Paley's.

Next month's dinner meeting will be held October 16th in the Cardium Room.

# Roger Bain Wins Tennis Tournament

A junior tennis tournament was held at the Drayton Valley courts on Friday, September 1st with Roger Bain emerging as the winner among twelve participants.

The weather was excellent and several good close matches were featured. Matches consisted of three out of five games.

Runner-up to Roger Bain was Bruce Hay with the consolation going to Dean Dickson.

The tournament director was Father E. Lynch.

## BERRYMOOR

Mrs. D. Martin
Correspondent

Tuesday morning marked the return to school for our young people. Judging by reports the school buses are filled almost to capacity.

Mr. and Mrs. Jim Martin and family from Cowley, Alberta spent the Labor Day weekend with relatives in the district. Their activities included a trip on Sunday to the Brazeau Dam and power house.

Harvesting operations have been proceeding well. Rain, a couple of days ago, delayed the combines for a couple of days.

The W.A. of the Berrymoor Pentecostal Church met at the home of Mrs. John Johnston on Wednesday afternoon and quilted a quilt. It will be put up for sale later this fall.

Mr. and Mrs. Jerry Jacobsen and family of Edmonton spent the past weekend visiting relatives and friends in Berrymoor and Carnwood. Miss Mae Martin returned to the city with them. She hopes to find employment there.

The Berrymoor Church was the scene of a pretty wedding recently when Miss Sylvia Gladstone became the bride of Mr. Wesley Davidson. There was a slight delay because of a mislaid marriage license but eventually the ceremony proceeded as planned.

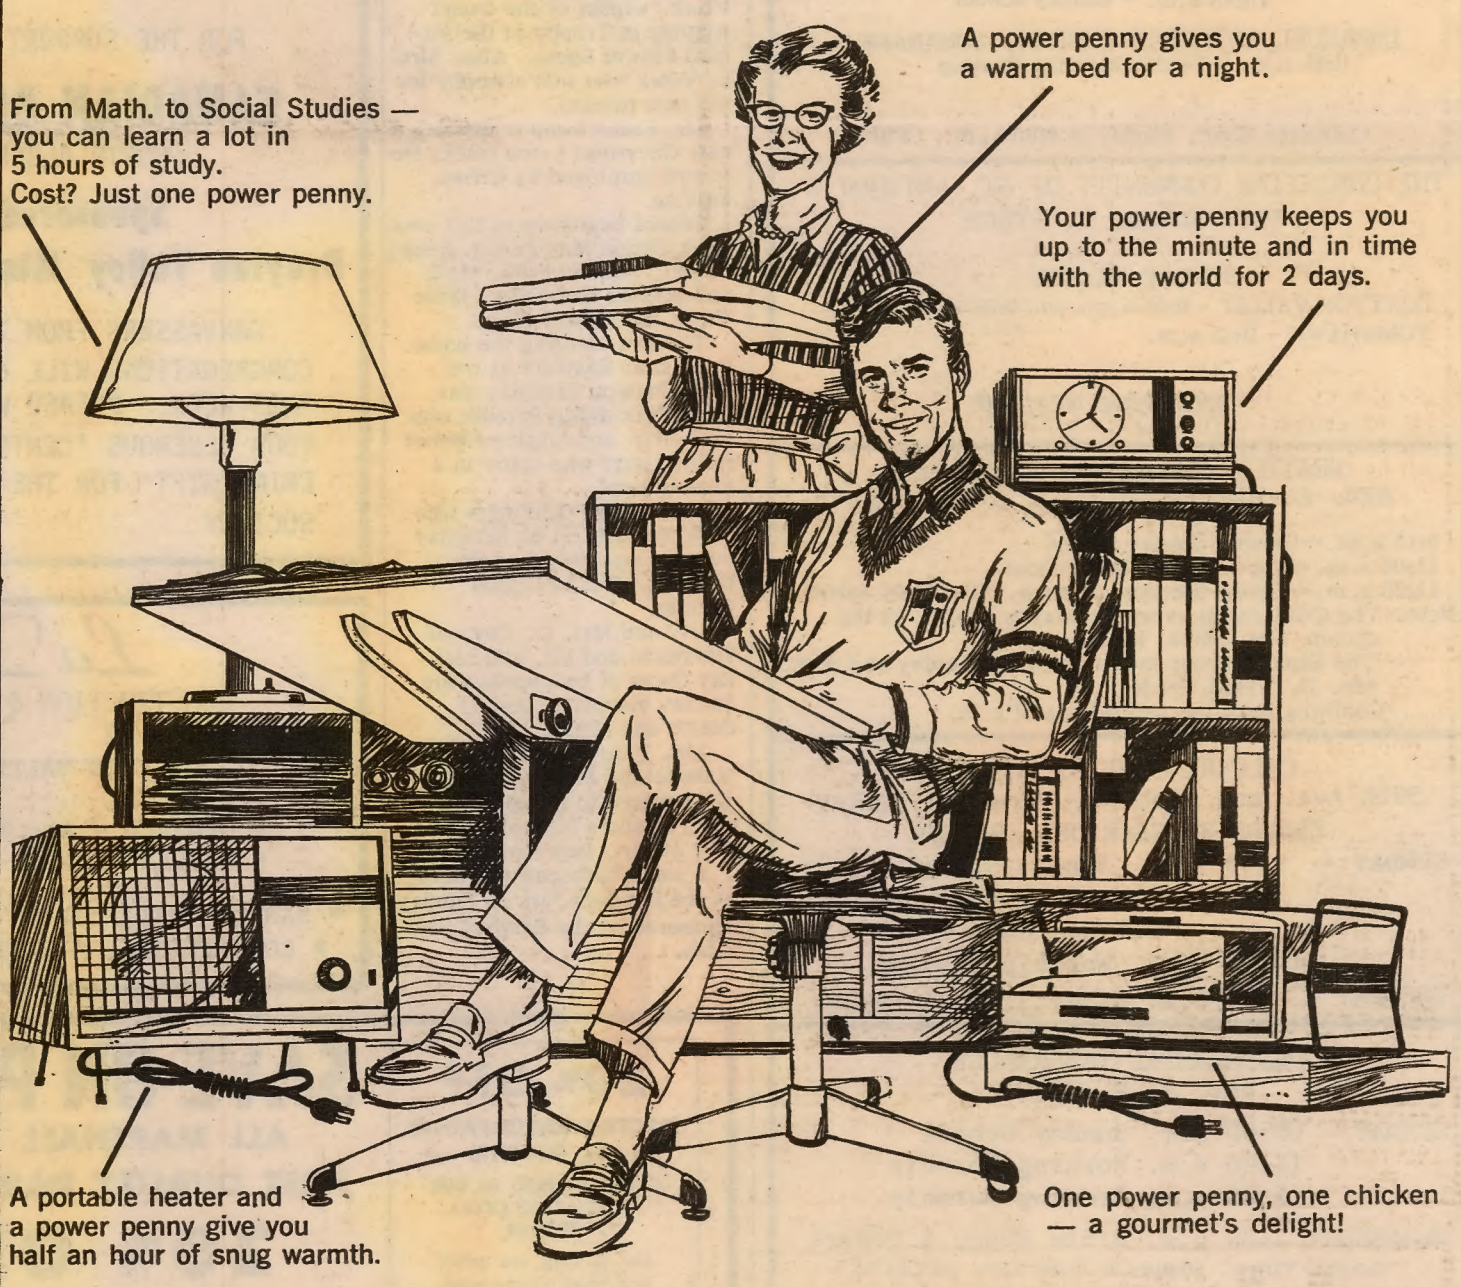
# The wisest penny we know.

We call it a power penny. In the past 20 years it has become "blue chip" currency — for it's the only kind of penny that has doubled in value. Every home maker can live like a queen (even without a butler or maid) with electrical servants like these.



From Math. to Social Studies — you can learn a lot in 5 hours of study. Cost? Just one power penny.
A power penny gives you a warm bed for a night.
Your power penny keeps you up to the minute and in time with the world for 2 days.
A portable heater and a power penny give you half an hour of snug warmth.
One power penny, one chicken — a gourmet's delight!

MORE POWER TO YOUR PENNY with today's electrical living!

## ROCKY RAPIDS

Mrs. Eileen Belva
Correspondent

Congratulations to Mr. and Mrs. Gary Huber on the birth of their first child - a son.

A bridal shower was held in the Rocky Rapids hall on Thursday, September 7th for Miss Carol Townsend whose marriage to Mr. Ray Beland will take place Saturday, September 16th.

Mr. and Mrs. Floyd Combs have left on a trip bound for California.

The community welcomes Mr. and Mrs. Wilbert Brooks and family who have purchased the L. Wall farm.

Crops and gardens have proven bountiful for those fortunate enough to have missed the hail storms and harvesting is well on the way to completion.

# Recreation Roundup

Cont. from Page 13

not tasted actual field action as yet. The St. Albert entry dropped from the city league and the local team did not have a game last weekend. Next Sunday, however, coach Don Henderson will be leading his ladies Quarterback Bees into West Valley Park to do battle with the Packers. This one should give us a good idea where the Packers will stand in this league. Game time is at 2 p.m.

At the Pee Wee level the action got underway last Sunday afternoon in the local community league. The Stampeders edged the Eskimos 1-0. The two teams will play every weekend until the first week in November with a possibility of playing a team or two from the city some time during the season.

In the realm of touch football at the Mite level, there will be practice and a game three times a week during the fall season. About thirty boys have registered for this level of football and we look for a successful program for the little fellows.

By way of a reminder, registration for all minor football closes this Friday, September 15th. So if you want to play football decide now. Come in and register at the Recreation Office. We will be happy to have you aboard.

RECREATION BOARD MEETING

The Drayton Valley recreation Board held their monthly meeting last Monday night. The meeting featured reports on the operation of the swimming program and the Recreation program in general over the summer months. Preliminary plans were also discussed for the operation of the Centennial Civic Centre during the coming winter season. One of the outstanding problems at the Civic Centre will be the preparation and finalization of the Arena schedule. At this time we would ask anyone or any group or organization interested in using the civic centre and obtaining ice time to get in touch with us stating their needs and their preference of time at the earliest possible opportunity. We have already heard from some groups and we hope that all will make their needs clear during the next few weeks. Once a schedule is finalized it will be impossible to make any changes to accommodate late comers. So let us hear from you now.

## Induction Ceremony

The general public is invited to attend the special ceremony in the Legislative Assembly at 2:30 in the afternoon of September 14, 1967 when Premier E.C. Manning will induct four Albertans into the Agricultural Hall of Fame.

Those being honored include one of the original founders of the Alberta Wheat Pool, Ben Plummer of Bassano; one of the organizers of the Alberta Livestock Co-operative Limited, Hugh Allen of Grande Prairie; a man who has been president of the Alberta Livestock Co-operative for the past 17 years, Charlie Hayes of Strome; and the president of the Holstein-Friesian Association of Canada, J.W. Hosford of South Edmonton.

Visitors from the general public will be accommodated on the floor of the Legislature and in the Public Galleries. Framed certificates will be presented to the four men by the Lieutenant-Governor. Following the ceremony in the Assembly, the guests and officials will adjourn to the Agricultural Hall of Fame in the west wing of the Legislative Building for the unveiling of the new name plates.

## THE Homemaker

**Mrs. Marlene Jubenvill**
Dist. Home Economist
10426 - 81st Ave
Edmonton
Alberta

You're probably pretty busy these days--putting up the remaining bits of pickles and preserves and helping the boss "put up" the remainder of his produce.

So, perhaps a few suggestions for making a busy life less complicated would help.

When you're in the house at all, it's likely to be in the kitchen and that's what we'll look at.

Firstly, organize your kitchen (if it's really disorganized, you may have to save this for a winter works program). Group like cans and packages-soups with soups, juices with juices--for speedy selection. Makes it easier to plan the shopping list, too.

All utensils including labels, mashers, beaters, pots and pans and mixing bowls should be placed at the point where they are first used.

Do you tuck the leftovers in the 'fridge and forget about them? I do. Save a space in the 'fridge for leftovers so you can see what you have and use it up promptly.

When you're chopping green pepper or onion for a recipe, chop the whole thing and freeze the remainder for use later.

Kitchen shears are dandy for snipping parsley, chives and dates--it's quicker than a knife.

Clean fruits, vegetables and salad greens before storing them in the 'fridge. Greens keep best in a plastic bag.

Bread crumbs and cracker crumbs need not cover the floor when you roll them. Place crackers in a plastic bag first.
